## SEND DREDGES, PUMPS, COMPRESSORS TO SOVIET CONSTRUCTION PROJECTS

DREDGE REPLACES 500 WORKERS -- Stalinabad, Kommunist Tadzhikistana, 25 Mar 51

The Tashkent Iron-Casting Plant has started production of floating dredges for clearing out irrigation canals. These machines are capable of removing 1,300 cubic meters of earth per shift, and it is estimated that they replace the labor of 500-600 workers. The first machine put out by the plant will be used on the Bol'shoy Ferganskiy Canal.

Tashkent, Pravda Vostoka; 24 Mar 51

The Tashkent Iron-Casting Plant is under the Ministry of Local Industry Uzbek SSR.

NEW DREDGE CAN BE DISMANTLED FOR SHIPMENT -- Tashkent, Pravda Vostoka, 28 Mar 51

The Gor'kiy Krasnoye Sormovo Plant imeni Zhdanov has completed the shipyard assembly of a dredge having a productivity of 350 cubic meters per hour. The dredge can be dismantled for shipment, the first dredge of such high productivity to have this feature. On 29 March sections of the dredge will start to move by rail to the site of the Main Turkmen Canal.

A group of leading Stakhanovites from the plant have been dispatched to Chardzhou, where the dredge will be reassembled.

SUPPLY CASTINGS FOR PUMPS -- Moscow, Vechernyaya Moskva, 28 Mar 51

The Moscow Serp i Molot Plant recently sent the Moscow Plant imeni Kalipin some shaped castings which will be used in the manufacture of dredging pumps on order from the Volga-Don construction project.

The Serp i Molot Plant is also supplying rolled steel and castings to the Moscow Dinamo Plant and the Transformer Plant, as well as to other enterprises.

NEW PUMP SURPASSES OLDER MODELS -- Moscow, Moskovskaya Pravda, 18 Mar 51

Kupryashin and Ustinov, heads of the Design Bureau of the Moscow Krasniy Fakel Plant, have developed a new volute centrifugal pump which has proved superior to other models of this type on tests. The plant is now supplying pumps to the Kuybyshev GES project.

COMPRESSORS GO TO CONSTRUCTION SITES -- Tashkent, Pravda Vostoka, 24 Mar 51

The Tashkent Machine-Building Plant of the Ministry of Transportatio recently shipped some compressors and spare parts to the sites of the Stalingrad and Kuybyshev GES.
